

ALBANO ARIEL VALLESE

Information Technology Consultant

Web Artisan

Nationality: Argentine / Italian

Martial Status: Single

ABOUT (ME)

I am a tireless seeker of knowledge, occasional entrepreneur for fresh projects and also, coincidentally, a “jack of all trades” IT professional.

My school of thought is reliant on schooling my thought - thoroughly, regularly; keeping abreast of methodologies, tools, best practices, and creative solutions.

I am a graduate of the Information Technology Analyst degree at the reputable National Technological University of Buenos Aires. I should hope my work reflects that.

EDUCATION

- 2011 Universidad Tecnológica Nacional
- 2003 Buenos Aires, Argentina
- 2002 Instituto Educativo Moruli
- 1988 Buenos Aires, Argentina

 glad to share my keep-it-up progress at [duolingo](https://www.duolingo.com)

AIMS & OBJECTIVES

As an assorted IT professional with strong technical background and refined soft skills, I've been providing quality results in the past years in **Tier II Production Support**, **data and log analysis**, **automation scripting**, **web implementation** and ultimately turned into passionate web **software development**.

On the other hand, I'm happy to share the most of my skills and experience in complementary domains such as **multilingual communication**, **self management**, **Kanban friendly methodology**, **big-picture** approach, wishing to adress a smooth team integration and add concrete value to the final product.

CURRENT

Founder and developer of **Fimedi NET**, a clinical nutrition platform used by dietitians and doctors in LATAM.
